Subject : French comment relative to consent agenda (item 2.2)

Dear Mr. Agius,

Considering the timeframe requirements of IEC CA01 and the introduction of consent agenda, it is essential for the member bodies to have enough time to review and, if relevant, send comments on the documents.

Currently, the ExMC meetings are usually held in September with agenda and documents available in August. The French MB proposed to slightly modify the ExMC meeting dates from beginning of September to beginning of October, in order to perform national committees meetings in September for review of documents, especially for items considered as consent items."
