Subject : French comment relative to IECEX CoPC scheme (item 11.2)

Dear Mr. Agius,

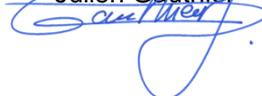

The French committee, and especially end users representatives, would like to have an update on the development of global question database and associated software dedicated to examination preparation in support to the initial plan of the scheme IECEX 05 considering that such tools appears to be necessary to ensure fair application of assessments.

Best Regards,

French National Committee (CCFIECEX)

on behalf of Marie-Elisabeth d'Ornano
